MEMORANDUM FOR: Director of Central Intelligence *ER*  
 FROM : Angus MacLean Thuermer  
 Assistant to the Director  
 SUBJECT : Face the Nation

Ms. Joan Barone of CBS has asked if you could appear on "Face the Nation" the Sunday after the Senate Select Committee comes out with its report, probably April 25th.

She said that she had talked to Spencer Davis, the Committee's PR. He said that he did not think the Committee would come out with its report on the 15th of April but it would slip until the 22nd.

I made no promises for either the 25th or for any other date after the Select Committee report, merely saying I would pass on the request.
